

**GENERAL FUND BUDGET AND TUITION RATES
FOR FY2011**

A Recommendation

- 1. Division and Department:** Finance and Administration, Budget and Financial Planning Office

- 2. Introduction:** Board of Trustees (Board) approval is requested for the FY2011 General Fund budget and tuition rates. Highlights and assumptions for this proposal are described below.

Attachment A is a FY2011 General Fund Budget Briefing.

Attachment B is the detailed FY2011 Proposed General Fund Budget which provides summarized budget information for each major academic and operating unit of Oakland University (University) and a comparison to the FY2010 General Fund budget.

Attachment C is the proposed Schedule of Tuition Rates Effective Fall Semester 2010.

State Appropriations:

State funding for higher education remains unstable and in danger of being further eroded. The Governor, Senate and House of Representatives have each proposed an FY2011 State of Michigan higher education budget, however, the timing of final passage of the budget is uncertain. The Governor and House have proposed a flat appropriation. The Senate has proposed a 3.1% decrease. The Senate proposal reflects the minimum funding allowed according to Federal Stimulus guidelines. The University's FY2011 Proposed General Fund Budget is based on a 3.1% appropriation reduction.

The budgeted FY2011 appropriation is \$2.4 million less than what was received ten years ago, with no allowance for enrollment growth or inflation. This represents a 24.6% State funding decrease since FY2002, on an inflation adjusted basis. Historically, the University has been under-funded by the State on a per Fiscal Year Equated Student (FYES) basis as compared to the other fourteen four-year public universities in Michigan. In FY2010, the University's appropriation on a per FYES basis was \$3,512 as compared to the state average of \$5,226, second lowest in the state.

Cost Containment and Budget Reductions:

The University has accumulated data on cost containment initiatives totaling over \$39 million of permanent and one-time savings, including eliminating positions, reducing program offerings, further deferring needed maintenance, renegotiating contracts, refinancing debt, outsourcing, implementation of "healthy living" employee benefits, lean academic and administrative practice redesign. The University's combined revenue per student -- appropriation per FYES plus tuition per FYES -- was third lowest in the state in FY2010. Compared to the state average in FY2009, Oakland University's General

Fund expenditures were \$4,273 less per student, substantiating that Oakland University is an efficient and lean organization.

Protecting the Core Education of Students:

The University's economic and societal impact on the state and region have been steadily increasing over the past decade – due to strategic planning, aggressive fiscal management, outstanding faculty and staff, and creative partnerships with business, industry, and the community. To maintain Oakland University's distinctive and valued educational programming and service, additional revenue is needed to adequately fund operations and strategic initiatives for the benefit of our students. State funding as a percentage of the University's General Fund budget dropped to an all-time low of 26% in FY2010. Even with the continuation of cost containment and budget reduction initiatives, a tuition increase is necessary to protect the core education of Oakland University students.

FY2012 Outlook:

In FY2012, the State of Michigan will no longer be subject to the Federal Stimulus guidelines which have restricted the State's ability to reduce higher education funding. With projections from the Senate Fiscal Agency of billion dollar State budget deficits for the foreseeable future, there is potential for significant appropriation reductions. Therefore, prudent planning, for both FY2011 and future years, is imperative. A one percent tuition revenue contingency is included in the FY2011 proposed budget to address a potential mid-year appropriation reduction and/or to help limit a FY2012 tuition increase. Similarly, if base appropriations exceed the budgeted \$50,583,700, the excess will be used to address a potential mid-year appropriation reduction and/or to help limit a FY2012 tuition increase. In addition, FY2012 budget strategies may include; an early retirement program, continuation of lean process redesign, implementation of Graduate Program Review recommendations, collective bargaining, improvement in instructional efficiencies, and energy management opportunities.

Tuition:

In an effort toward keeping resident undergraduate tuition rates below the state average (on an "all-in" basis), while pursuing an aggressive financial aid strategy, program improvements and continued pricing transparency with no fees, the proposed FY2011 resident undergraduate tuition rate for a full time student is \$9,716.25, an \$18 per credit hour increase. Over 60% of Oakland University undergraduate students receive non-loan financial aid (scholarships, grants, and other awards), with an average aid package of \$4,830 for FY2010, a 53% discount. The proposed FY2011 resident graduate tuition rate for a full time student is \$12,972, a \$30 per credit hour increase.

Highlights of changes in the Proposed General Fund Budget:

Revenue:

1. State appropriation of \$50,583,700, a 3.1% reduction per the Senate's budget proposal.
2. FYES enrollment of 15,969, a 1.25% increase over FY2010 actual, and 5.25% increase over FY2010 budget.

3. Average undergraduate in-state tuition of \$9,716.25 for full-time students, an increase of approximately \$18 per credit hour, a 5.76% increase.
4. Average graduate in-state tuition of \$12,972 for full-time students, an increase of approximately \$30 per credit hour, a 5.77% increase.
5. Continued pricing transparency with no fees.

Expenditures:

1. The expense budget increases 3.02% in total, excluding financial aid.
2. A 1% salary increase for represented faculty and a salary freeze for other staff.
3. Projected annual savings from healthy living benefits of \$1.7 million and lean practice redesign of \$380,000.
4. Increased student financial aid funding of \$4.8 million, a 24.8% increase, including continuation of the student full aid guarantee and economic hardship fund.
5. Program improvements; library collections, Writing Center support, General Education program support, Student Life program support.
6. Operating funding required for approved course offerings with related faculty appointments (reflecting program growth and market demand), debt service obligations, utilities and other contractual obligations.

Depending on the results of the final FY2011 State higher education budget, continued monitoring of State revenue forecasts, and potential Executive Orders, the University may consider a mid-year and Summer budget adjustment and tuition increase.

3. Previous Board Action: On June 29, 2009 the Board approved the FY2010 General Fund budget and tuition rates.

4. Budget Implications: Approval of the FY2011 Proposed General Fund Budget and the Schedule of Tuition Rates Effective Fall Semester 2010 provides the needed authorization for assessing students and expending University resources for instructional, programmatic and operating needs.

5. Educational Implications: Provides General Fund budget for academic programming.

6. Personnel Implications: Provides General Fund budget for personnel.

7. University Reviews/Approvals: The FY2011 Proposed General Fund Budget and the Schedule of Tuition Rates Effective Fall Semester 2010 were developed by the Budget and Financial Planning Office and reviewed by the Vice President for Finance and Administration, and President. Budget development strategies and assumptions were reviewed with the Executive Council, Senate Budget Review Committee, and Student Leadership.

8. Recommendation:

WHEREAS, the FY2011 Proposed General Fund Budget and Schedule of Tuition Rates Effective Fall Semester 2010 require Board of Trustees approval; now, therefore, be it

RESOLVED, that the Board of Trustees approves the FY2011 General Fund Budget at an expenditure level of \$191,862,813 (see Attachment B for detail) and approved encumbrances and carry-forwards from the June 30, 2010 fund balance; and, be it further

RESOLVED, that the Board of Trustees approves the Schedule of Tuition Rates Effective Fall Semester 2010 (see Attachment C for detail); and, be it further

RESOLVED, that one percent of net tuition revenues be reserved to address a potential mid-year appropriation reduction and/or to help limit a FY2012 tuition increase; and, be it further

RESOLVED, that any base appropriation received in FY2011 in excess of the budgeted \$50,583,700 be reserved to address a potential mid-year appropriation reduction and/or to help limit a FY2012 tuition increase; and, be it further

RESOLVED, that, dependent on the results of the final FY2011 State higher education budget, State revenue forecasts, and potential Executive Orders, the University may consider a mid-year and Summer budget adjustment and tuition increase; and, be it further

RESOLVED, that the Board of Trustees approves the spending of General Fund revenues generated from enrollment in excess of that budgeted to adequately cover the instructional, programmatic and operating expenditures necessary to support higher than budgeted enrollment levels.
