

## OAKLAND UNIVERSITY WILLIAM BEAUMONT SCHOOL OF MEDICINE PUBLICATION LIST BY DEPARTMENT

### 2018 Report

We compiled this bibliography to recognize the school's scholarly activity, including journal articles, published meeting abstracts, book chapters, books, and other works written by OUWB faculty, students, and staff. We created the list by searching the institutional affiliation fields in PubMed, Scopus, Web of Science, EMBase, CINAHL, MedEd Portal, and SpringerNet for all citations published in the 2018 calendar year. We then downloaded citations into an EndNote database, where we enhanced and reformatted them for this report. We also updated and supplemented our report with additional citations from the Beaumont Research Institute 2018 Report of Accomplishments. Because of search limitations, the report does not represent an exhaustive list of all published works by OUWB authors. If we inadvertently missed your publication, please email the citation to the Medical Library at [medref@oakland.edu](mailto:medref@oakland.edu). For any questions, please call the Medical Library at (248) 370-3772.
