“We have been searching for a rich supply of great candidates for our increasing team in the logistics industry. I believe we have found that with Oakland University. In the several career events we have participated in, we have benefited from highly energized, passionate, engaged and confident team members, and a future talent pool of individuals who will support us long into the future.”

Brian Harris

Vice President

Kuehne + Nagel Operation Care Center – Detroit

After serving 11 years in the U.S. Army, **CHRIS HOLMAN** launched his academic career at Oakland University. Focused on finding a career that melded his experience and knack for numbers led Holman to study economics. From there, Holman secured a part time research assistant position at the Michigan Department of Technology, Management and Budget which he parlayed into a full-time economics analyst position following graduation.

Determination drives **BAILEY KEHRIGH**'s success. Living with hearing loss since early elementary school encouraged Kehrigh to embrace opportunity. This driving force led Kehrigh to earn her bachelor's and master's degrees, complete several internships and launch a full-time professional career. Earning her MBA further empowered Kehrigh's career advancement with a promotion.

SCHOOL OF BUSINESS ADMINISTRATION

CREDENTIALS

At the Oakland University School of Business Administration, the embedded Career Services team collaborates with employers to find the best Golden Grizzlies talent for their recruitment needs. Through networking and recruiting events, on-campus and virtual interview opportunities and the job-posting platform, Handshake, employers discover confident OU talent with real-world experience. The team takes the responsibility of connecting bright minds to opportunities seriously.

At OU, the Department of Career Services is pushing the boundaries to build a strong career-focused culture by empowering students through school-specific career communities. Here Oakland students can engage in powerful career-related events and programming, identify and pursue relevant experiences inside and outside the classroom, and develop career competencies that lead to a lifetime of personal and professional success.
